BRICS Building SoCial BRIdgeS by aRtISt InItIativeS

KA220-ADU-76628D5C

The Building SoCial BRIdgeS by aRtIStIC InItIativeS (BRICS) team members met at working session in Copertino, Italy face to face. The 2nd transnational project meeting was efficiently hosted on the 14 & 15 of September by Rinascita Società Cooperativa Sociale. The partners finally finished the "In Service Training Program on using Art as an inclusive Educational Tool" ensuring that professionals working with migrants are fully trained to harness the potential of the BRICS educational resources. The In Service Training Program is a set of tools that improve adult trainer's competencies, especially in the social and cultural integration of migrants as well as to create a supportive environment for adult educators, professionals working with migrants in favor of social inclusion of people with migrant background and reinforce their role as (European) citizens. Finally, the partners evaluated the In Service Training Program via a pilot testing at national level, which the main point was to fine-tune the content and the methodologies developed to better address the needs of the target group. During the meeting partners discussed about the rest Results of the project and they agreed about next steps.

2nd Transnational Meeting in Copertino, Italy

TRAINING ACTIVITY OF THE BRICS PROJECT IN VALENCIA, SPAIN

Training Activity of the Brics Project in Valencia, Spain.

The partner of the Erasmus+ project Instalofi Levante SL in Spain, organized and hosted a three day training activity. The added value of this activity was to demonstrate the importance of the training material (R1) in facilitating the work undertaken by professionals, and they had the opportunity to interact in a multi-national environment, exchanging ideas and experiences on this issue.

The training took place in Valencia, Spain between 5th and the 7th of June.
